TITLE	New York: The State of Learning. Statistical Profiles of Public School Districts. A Report to the Governor and the Legislature on the Educational Status of the State's Schools. February 1994 Edition.
INSTITUTION	New York State Education Dept., Albany.
PUB DATE	1994-02-00
NOTE	233p.; For previous year's study, see ED 356 279.
PUB TYPE	Numerical/Quantitative Data (110)
EDRS PRICE	MF01/PC10 Plus Postage.
DESCRIPTORS	Achievement Tests; Attendance; Dropouts; Educational Attainment; Elementary Secondary Education; Enrollment; Ethnic Groups; Ethnicity; High School Graduates; *Institutional Characteristics; Profiles; *Public Schools; Racial Differences; School Districts; *School Statistics; *Student characteristics; Tables (Data); *Teacher Characteristics; Teacher Salaries; Teacher Student Ratio; Teacher Supply and Demand; Test Results; Urban Schools
IDENTIFIERS	*New York; New York State Regents Examinations

ABSTRACT

This report contains six tables of summary statistics for the public schools of New York State, including schools in New York City. The public schools of New York served 2,637,745 students as of February 1994. Information about these students, their teachers, and the schools they attended, is presented in the following tables: (1) District type; Racial/Ethnic Distribution of Enrollment; Attendance Rate; Dropouts and Youth at Risk; High School Graduates; and Pupil-Teacher Ratio; (2) Classroom Teachers: Percent Minority, Annual Turnover Rate, Median Salary, Certification Status, Median Years' Experience, and Educational Attainment; Total Expenditures per Pupil, New York State Revenue Share, and Combined Wealth Ratio; and Percent of Expenditures per Pupil for Major Functions; (3) Results of Pupil Evaluation Program, Program Evaluation Tests, and Preliminary Competency Tests; (4) Results of Regents Examinations in Comprehensive English, Global Studies, U.S. History and Government, and Comprehensive French; (5) Results of Regents Examinations in Comprehensive Spanish and Sequential Mathematics I, II, and III; and (6) Results of Regents Examinations in Earth Science, Biology, Chemistry, and Physics. A glossary of terms used in the tables is included. (SLD)

Table 6	Results of Regents Examinations in Earth Science, Biology, Chemistry, and Physics	94

GLOSSARY
STATISTICS FOR PUBLIC SCHOOL DISTRICTS

- **District Type:** An indicator of the particular summary group in which a district falls. The categories are:

  1 ***New York City***
  2 ***Large City Districts*** - Buffalo, Rochester, Syracuse, Yonkers
  3 ***Other City Districts*** - other districts that are located within city boundaries
  4 ***Suburban Districts*** - districts located within Standard Metropolitan Statistical Areas but not within cities
  5 ***Rural Districts*** - districts not located within Standard Metropolitan Statistical Areas or cities.

STUDENTS

- **Total Enrollment:** The number of students enrolled in kindergarten through grade 12 plus those in ungraded classes for children with disabilities, 1992-93. Source: Basic Educational Data System. Additional information may be obtained in "Chapter I: Introduction" of the Statewide Profile of the Educational System.

- **Percent White:** The number of enrolled White (not Hispanic) students divided by the total district enrollment, 1992-93. Source: Basic Educational Data System. Additional information may be obtained in "Chapter I: Introduction" of the Statewide Profile of the Educational System.

- **Percent Black:** The number of enrolled Black (not Hispanic) students divided by the total district enrollment, 1992-93. Source: Basic Educational Data System. Additional information may be obtained in "Chapter I: Introduction" of the Statewide Profile of the Educational System.

- **Percent Hispanic:** The number of enrolled Hispanic students divided by the total district enrollment, 1992-93. Source: Basic Educational Data System. Additional information may be obtained in "Chapter I: Introduction" of the Statewide Profile of the Educational System.

- **Percent Other:** The number of enrolled other minority students divided by the total district enrollment, 1992-93. Other minority groups include American Indian, Alaskan Native, Asian and Pacific Islander. Source: Basic Educational Data System. Additional information may be obtained in "Chapter I: Introduction" of the Statewide Profile of the Educational System.

- **Annual Attendance Rate:** The average daily attendance divided by possible average daily attendance. School districts with fewer than eight teachers do not have an attendance rate shown, 1991-92. Source: Office of Central Services. Additional information may be obtained in "Chapter VI: Attendance and High School Completion" of the Statewide Profile of the Educational System.

- **Census Poverty Index:** The number of children in families below the poverty level who are 5-17 years of age, as determined by the 1990 Federal census, divided by the total number of children in the district who are 5-17 years of age. Additional information may be obtained in "Chapter I: Introduction" of the Statewide Profile of the Educational System.

- **Percent Free/Reduced Lunch:** The number of students in full-day kindergarten through grade 6 participating in the free and reduced price lunch program divided by the total enrollment in those grades as reported in October 1992. Not all school districts participate in the program, and the percentage of eligible students who apply varies across participating districts. Therefore, statistics contained in the table may underestimate the number of students eligible. If there is no Percent Free/Reduced Lunch data available for a district, a blank was printed. Source: Child Nutrition Reimbursement Unit. Additional information may be obtained in "Chapter I: Introduction" of the Statewide Profile of the Educational System.

- **L.E.P. Rate:** The number of students of limited English proficiency (as defined by Section 154.2(a) of the Regulations of the Commissioner of Education) divided by the total district enrollment expressed as a percentage, 1992-93. Source: Basic Educational Data System. Additional information may be obtained in "Chapter I: Introduction" of the Statewide Profile of the Educational System.

- **Dropout Rate:** The number of dropouts, between July 1, 1991 and June 30, 1992, divided by the grades 9-12 enrollment including the portion of ungraded secondary enrollment that can be attributed to grades 9-12, expressed as a percentage. A dropout is defined as any pupil who left school prior to graduation for any reason except death and did not enter another school or high school equivalency preparation program. If a district did not have enrollment in grades 9-12 in 1991-92, the dropout rate is blank. In New York City, only the high school districts will have the dropout rate printed. Source: Basic Educational Data System. Additional information may be obtained in "Chapter VI: Attendance and High School Completion" of the Statewide Profile of the Educational System.

- **Percent of Graduates Who Received Regents Diplomas:** The number of high school graduates who received Regents diplomas divided by the total number of diplomas granted. Blanks print if the district had no twelfth grade in 1992-93. For New York City, this variable is only printed at the city-wide level, 1992-93. Source: Curriculum and Assessment Team 1. Additional information may be obtained in "Chapter V: Student Performance" of the Statewide Profile of the Educational System.

- **Percent to College:** The number of 1991-92 high school graduates entering four-year, two-year, or other postsecondary institutions, as reported by school principals in fall 1992 divided by total high school graduates. In New York City, only the high school districts have the percent to college printed. Source: Basic Educational Data System. Additional information may be obtained in "Chapter V: Student Performance" of the Statewide Profile of the Educational System.

- **Pupil-Teacher Ratio:** The total district enrollment divided by the number of full- and part-time public school classroom teachers, 1992-93. Source: Curriculum and Assessment Team 1. Additional information may be obtained in "Chapter III: Resource: Public School Teachers and Administrators" of the Statewide Profile of the Educational System.

FACULTY

Additional information for this section may be obtained in "Chapter III: Resources: Public School Teachers and Administrators" of the Statewide Profile of the Educational System.

- **Percent Minority Teachers:** The number of minority public school classroom teachers divided by the total number of public school classroom teachers, 1992-93. Minority teachers include teachers in any of the following racial/ethnic categories: Black (Not Hispanic), Hispanic, American Indian, Alaskan Native, Asian and Pacific Islander. Source: Basic Educational Data System.

- **Annual Teacher Turnover Rate:** The number of public school teachers who were employed by the district in 1991-92 but not in 1992-93 (including teachers on leave of absence) divided by the total number of public school teachers employed in 1991-92, expressed as a percentage. Source: Basic Educational Data System.

- **Teacher Median Salary:** The median salary of full-time public school classroom teachers. A blank indicates a district did not have a salary agreement in 1992-93 when the data were collected, 1992-93. Source: Basic Educational Data System.

- **Percent of Teachers With Permanent Certification:** The number of public school classroom teachers with permanent certification divided by the total number of public school classroom teachers, 1992-93. Source: Basic Educational Data System.

- **Percent of Teachers With Provisional Certification:** The number of public school classroom teachers with provisional certification divided by the total number of public school classroom teachers, 1992-93. Source: Basic Educational Data System.

- **Percent of Teachers With Other:** The number of public school classroom teachers who either teach more than 20 percent of their time in a subject for which they hold no certification or who hold a temporary license divided by the total number of public school classroom teachers, 1992-93. Source: Basic Educational Data System.

- **Median Years' Experience of Teachers:** The median years of total educational experience of public school classroom teachers, 1992-93. Source: Basic Educational Data System.

- **Percent of Teachers With Master's Degree Plus 30 hours or Doctorate:** The number of public school classroom teachers with a Master's Degree plus 30 hours or a Doctorate divided by the total number of public school classroom teachers, 1992-93. Source: Basic Educational Data System.

FISCAL DATA

Additional information for this section may be obtained in "Chapter III: Resources: Public School Finance" of the Statewide Profile of the Educational System.

- **Expenditures Per Pupil Unit:** Total expenditures including those charged to the General, Debt Service and Special Aid Funds. The pupil measure is based on average daily membership/enrollment and includes students enrolled in district programs; disabled pupils educated in district, BOCES, Section 4402 and Section 4405 programs; including the State schools at Rome and Batavia; and students educated in other districts for which the district pays tuition. Prekindergarten and half-day kindergarten pupils are weighted at 0.5, 1991-92. The components needed to calculate expenditures per pupil unit are not collected for districts with fewer than eight teachers. The State aid withheld as a State share of local Teachers' Retirement System and Employees' Retirement System savings was excluded from total expenditures. Source: Fifth Annual School District Fiscal Profile Report.

- **New York State Revenue Share:** District revenues from State sources divided by total revenues, 1991-92. District revenues from State sources and total revenues have been reduced by the State aid withheld as a State share of local Teachers' Retirement System and Employees' Retirement System savings. Source: Fifth Annual School District Fiscal Profile Report.

- **Combined Wealth Ratio:** The ratio of district wealth per pupil to State average wealth per pupil, 1991-92. It is calculated by averaging (1) a district property wealth measure per weighted pupil unit divided by the State average and (2) a district personal income measure per weighted pupil unit divided by the State average.[1] Combined wealth ratio is not used in determining State aid for districts with fewer than eight teachers and, therefore, is not calculated for those districts. Source: Fifth Annual School District Fiscal Profile Report.

- **Percent Distribution of Expenditures:** The percentage of total expenditures allocated to each expenditure category, 1991-92. Source: Fifth Annual School District Fiscal Profile Report.

[1]The district property wealth measure is the lower of (1) the average of the 1988 and 1989 district full values or (2) 117 percent of the average of the 1987 and 1988 full values. The personal income wealth measure is the 1989 adjusted gross personal income of district residents. The weighted pupil units are based upon the adjusted average daily attendance of K-12 pupils resident in the district plus weightings for pupils with special educational needs, pupils with disabilities and secondary school pupils; half-day kindergarten pupils are weighted at 0.5.

- **Percent for Instruction Excluding Fringe Benefits**: Expenditures for instruction (excluding fringe benefits for instructional personnel) divided by total expenditures. Instructional expenditures include salaries paid to K-12 teachers; instructional salaries for pupil personnel services, supervision, curriculum and development; BOCES instructional expenditures; tuition; and other instructional expenses (including instructional expenses for prekindergarten programs, library, media, paraprofessionals, supplies and equipment), 1991-92.

- **Percent for Expenditures for Fringe Benefits for Instructional Personnel:** Estimated expenditures for fringe benefits for instructional personnel divided by total expenditures, 1991-92.

- **Total Percent for Instruction**: The sum of Percent for Instruction Excluding Fringe Benefits and Percent for Expenditures for Fringe Benefits for Instructional Personnel, 1991-92.

- **Percent for Central Administration:** Expenditures for central administration divided by total expenditures. Central administration expenditures include, for example, chief school officer, business office, purchasing, personnel, public information, and fees for fiscal agents, 1991-92.

- **Percent for Transportation:** Expenditures for transportation divided by total expenditures, 1991-92.

- **Percent for Debt Service**: Principal and interest on approved building projects, transportation issues, and other debt instruments, both short- and long-term, divided by total expenditures, 1991-92.

- **Percent for Miscellaneous:** All other expenditures divided by total expenditures. Included are expenditures for operation and maintenance, board of education (including legal expenses), community services, certain undistributed expenses (including noninstructional employee benefits), and certain interfund transfers, 1991-92.

TEST RESULTS

Additional information for this section may be obtained in "Chapter V: Student Performance: State Testing Program" in the Statewide Profile of the Educational System.

- **Pupil Evaluation Program Percent Above State Reference Point:** The percent of students tested scoring above a minimum level of competence. These pupils are considered to be making normal progress in developing the basic skills of reading comprehension, mathematics and writing. Certain districts (noted with "*") were granted variances under the provisions of the New Compact for Learning, which encourages districts to pursue excellence in education. Each of the variances included one or more of the following provisions: (1) the indicated State test was not administered to some or all students; and/or (2) the conditions under which the test was administered were changed. A blank appears if no data were provided, 1992-93. Source: Curriculum and Assessment Team 1.

- **Program Evaluation Tests:** The mean score is given for each of the three parts of the grade 4 program evaluation test in science and for the total score on the grades 6 and 9 program evaluation tests in social studies. Certain districts (noted with "*") were granted variances under the provisions of the New Compact for Learning, which encourages districts to pursue excellence in education. Each of the variances included one or more of the following provisions: (1) the indicated State test was not administered to some or all students; and/or (2) the conditions under which the test was administered were changed. A blank appears if no data were provided, 1992-93. Source: Curriculum and Assessment Team 1.

- **Preliminary Competency Test Percent Above State Reference Point:** The percent of students tested making normal progress in developing the basic skills of reading comprehension and writing. Certain districts (noted with "*") were granted variances under the provisions of the New Compact for Learning, which encourages districts to pursue excellence in education. Each of the variances included one or more of the following provisions: (1) the indicated State test was not administered to some or all students; (2) the conditions under which the test was administered were changed. A blank appears if no data were provided, 1992-93. Source: Curriculum and Assessment Team 1.

- **Regents Examinations:** Percent of average grade 9-12 enrollment tested, percent passing of number tested and the number of students passing the examination as a percent of the average grade enrollment are shown for the following June 1993 Regents examinations: comprehensive English, global studies, United States history and government, comprehensive French, comprehensive Spanish, sequential mathematics course I, sequential mathematics course II, sequential mathematics course III, earth science, biology, chemistry, and physics. The percent of the average 9-12 enrollment tested may be over 100 percent (noted with "#") if the number of students tested was greater than the average enrollment in grades 9-12, for example, when a large number of eighth graders are tested. A blank appears if the district does not have enrollment in grades 9-12 or the district did not offer a particular examination. The percent passing will appear as the only statistic for an examination when the district does not have grades 9-12. Certain districts (noted with "*") were granted variances under the provisions of the New Compact for Learning, which encourages districts to pursue excellence in education. Each of the variances included one or more of the following provisions: (1) the indicated State test was not administered to some or all students; (2) the conditions under which the test was administered were changed; and/or (3) students who scored within a specified range, below the passing score, on a Regents examination received credit for passing the corresponding Regents competency test. Source: Curriculum and Assessment Team 1.
